

VENOM

DEADLIER THAN EVER  
**LETHAL VENOM™**

**LIGHT-MEDIUM OIL**

Brace yourself— a lethal dose of Venom is coming. The Venom line, already legendary, introduces the latest game-changer, the Lethal Venom. This wicked new addition offers the predictable and smooth motion you loved from the Venom Recoil but dials it up with the latest cutting-edge technology. Leverage MXC coverstock with Duramax technology pairs with the asymmetrical Gear APG core for a deadly combination.

**GEAR™ APG WEIGHT BLOCK**

The asymmetrical Gear APG weight block strikes the perfect balance of control and versatility that allows you to adapt and attack the lanes with confidence.  
15# RG: 2.47 | 15# Diff: .036 | 15# Int. Diff: .013 | Flare: 3"+

**LEVERAGE™ MXC SOLID REACTIVE**

the Lethal Venom features the same Leverage MXC Solid Reactive cover originally found on the Subzero Forge. That means the Lethal Venom is the first Venom to contain the game-changer of Duramax additive technology! This means that the cover will hold its surface longer, have better traction in the oil, create a smooth down-lane motion, and allow for maximum control. This isn't just innovation—it's domination.

**3000 GRIT LSS FINISH**

With a 3000-grit LSS finish, the Lethal Venom has plenty of bite on light to medium oil patterns to create a strong and smooth ball motion.
